Planning Ahead

Greetings,

School is going back into session across the state and many back to school events for educators and parents alike are happening. These can be great events to promote substance abuse prevention to people who care a good deal about kids. The NPRC will be attending the Washoe County School District Resource Summit this month, which provides educators with information about the resources in the community. BEST Coalition in Las Vegas is also attending a Back to School Night to promote their own organization and resources. There are many wonderful materials available in bulk as well as the NPRC library that can help schools prevent substance abuse. Call or email to place an order for your event today.

Also remember that National Recovery Month is coming soon. Help promote recovery and in your community with the official kit, posters, and fliers, all available from the NPRC.

We hope that you all have a great month and that the rest of your summer goes well

Cool New Resources

The new Substance Abuse Treatment and Prevention Course Catalog for August-January is now out! Print copies can be obtained from the NPRC, or you can look at it online at www.casat.org/training.html

The National Youth Anti-Drug Media Campaign is launching a new multi-phased media initiative and online campaign targeting parents. The Parent Chronicles initiative aims to enlighten parents about their teen's world and help them gain insight into the pressures and influences their child is exposed to, and offer tips on keeping teens safe from risky situations, including drug use. The Parent Chronicles will unfold in three phases during the summer and fall of 2007. The initiative is ongoing and fueled by parent feedback and participation through www.TheAntiDrug.com/ParentChronicles. This site has great information for parents about talking to kids about drugs and drugs in general. Be sure to share it with the parents in your community.

NPRC Materials Update

Bulk Materials Update

There are four sections in the bulk materials update. The first is *New Materials* which includes everything that has been added to the clearinghouse database. Second is the *Back in Stock* section which includes items that were previously archived but are now available again. Next is the *Archived/Out of Stock* section. These items are out of stock at NCADI and the NPRC does not have any to distribute. Last are the *Discontinued* items. In this section are all items that can no longer be found and the NPRC has no copies of them. As always, copies of these materials may be available in the NPRC library collection. Please remember that this information may change during the course of the month, and will be updated in the next *Update*.

Special Note: Some materials may not be available to order from either NCADI or the NPRC, however there is a PDF version available. These items will still be active in the NPRC database with a note stating this and a link to the PDF file.

Nevada News

The 2007 Mid-Year Training Institute " SUSTAIN THE CHANGE," was hosted in Tucson, AZ by the Community Anti-Drug Coalitions of America i.e. CADCA."This year's program features a focus on how coalition efforts can be sustained over time."

From Sunday night July 29th through Thursday August 2nd, I took advantage of the many opportunities to speak with Coalition directors and members from all over the USA. I had the opportunity to speak with Jack Claypoole, Administrator, Drug-Free Communities as well. The training sessions that I attended were:

Monday: Developing Major Donors and Winning Strategies for Seeking and Obtaining Federal Grants,
Tuesday: The Genes, Environment, and Development Initiative in Addiction: The GEDI Approach and Coalition Building with Special Populations presented by Don Coyhis, Founder and President of White Bison, Inc.
Wednesday: Personal Coaching Session with Anne Comiskey and Coalition to the 10th Power,
Thursday: Sustaining Operations through Mapping and Assessing Community Resources for Youth.

My thoughts, in general, about the CADCA trainings are that indeed, this has always been the Highlight of my training as a Comprehensive Coalition member through the CADCA Institute.

My first year with CCOY allowed me to attend the Mid -Year CADCA training at Lake Las Vegas, NV in July 2006, and then additional training at the annual Washington, DC February 2007 CADCA Institute as well.

The Mid-Year CADCA Training Institute in Tucson, AZ during July-August 2007 was again Outstanding in every conceivable way.

As for a favorite session, I would note that each one I attended was excellent and surpassed my expectations. However, I would like to hold up for recognition the afternoon session of Coalition Building with Special Populations by Don Cohis, Founder and President of White Bison, Inc.
