Upcoming
Changes

NPRC Material Update

Library Materials
Clearinghouse Materials

Planning Ahead

May has been such an eventful month that we almost forgot to "Update" everyone! This month Marie attended a meeting of the Washoe County School District Librarians to inform them of the services offered by the NPRC and the Nevada RADAR Network. The presentation was well-received and we look forward to providing resources to librarians and educators who haven't ordered or checked out materials before. Stephanie attended the Attorney General's Rural Methamphetamine Summit in Winnemucca May 17th-19th. She provided a short "commercial" for the materials and services that people throughout the state can obtain either through their local prevention coalitions or from the NPRC. Nevada's prevention coalitions were well-represented by Cathy McAdoo, from P.A.C.E. Coalition, Michelle Urain and Jaclyn Lafferty from Frontier Community Coalition and Stacy Smith from Nye Communities Coalition.

The month ended with Stephanie attending the very interesting and timely "13th International Conference on Gambling & Risk Taking," a very Unique conference held once every three years. The conference was organized by the Institute for the Study of Gambling & Commercial Gaming located at the University of Nevada, Reno, and focused on academic research across all disciplines, including "Binge Gambling", "Characteristics of Problem Gamblers" and "Empirical Studies on

Problem Gambling," to name a few of the presentations. Please continue to send dates and places of your upcoming events so that we can help you advertise the great work you are all doing!

Cool New Resources:

- **The Discovery School Lesson Plan Library** is a great resource for educators or community members who wish to inform kids and teens about the dangers of substance abuse. The library contains many lessons on health and the dangers substance use can be to your health. Some titles included are “Prescription for Trouble,” “Deadly Highs,” and “Cycle of Addiction.” Get these and other free lessons on the Discovery School site at <http://school.discovery.com/lessonplans/health.html>.
- **The SAMHSA Newsroom** is a wonderful source for up-to-date information and news articles on happenings in the mental health and substance abuse fields across the country. With great topics such as “Alcohol is Cause of Almost Half of All Treatment Admissions for Older Adults” and “Over 1000 Classroom Teach-Ins to Push Back on Underage Drinking, Targeting Pre-Teens,” there is valuable information for everyone. Visit the site at <http://www.samhsa.gov/news/index.cfm> often as it is always being updated.

Upcoming events:

First Monday of each month 3:00-4:30 pm. Methamphetamine Task Force Meeting. Each month the Partnership of community Resources holds Methamphetamine Task Force meetings for the community at the Douglas County Public Library in Minden, NV. For more information, contact Stormy Holloway at pcrholloway@partnership-resource.org or 775-782-8611 or visit the PCR website at <http://partnership-resource.org/main.asp?PID=55>.

June 5-30, 2006 The Risk and Protective Factors Online Course starts next week! “This course will teach participants about these specific risk and protective factors and how they operate in communities, schools, families and peer and individual domains. Participants will learn what the risk factors are and how the protective factors can buffer risk factors.” It also provides 8 continuing education hours. To register or for more information, call (775)784-4707 or visit www.casat.org

Help us expand our collection!

If there is a video, book, model program, or journal that you would like made available, please tell us! Also, tell us if there is a specific topic you would like more library materials on.

Our library collection is for your use and we want it to fill your needs.

Contact us at nprc@casat.org or 775-784-6336

We will honor all requests as best as we can according to our current collection, available resources, and budget.

CASAT Classes

For information on any classes provided by CASAT or to register call 1-866-617-2818 or 775-784-4707. The full schedule is also available online at <http://casat.unr.edu/>.

Upcoming Classes:

Understanding and Evaluating Evidence-Based Practices in Addiction Treatment

This is an awareness-building program focused on “evidence based” practices in addiction treatment that are supported by CSAT, NIDA, and other organizations.

June 1 – Reno

June 2 – Las Vegas

Prevention with Native American Populations

This course will provide information on historical and current issues in Tribal communities, and effective evidence-based fundamentals of drug and alcohol abuse prevention programming. It has a special focus on Nevada tribes.

June 2 – Las Vegas

June 9 – Reno

Prescription Drug Trends

This course addresses the problem of prescription drug abuse, assessment of abuse, and various treatment methods.

June 14 – Reno

June 16 – Las Vegas

Changes:

Below are the new dates for the listed courses.

Motivational Interviewing Online Training

July 3 – August 7, 2006

Ethics in Prevention Online Course

November 18 - December 18, 2006

Cancellations:

Understanding and Evaluating Evidence-Based Practices in Addiction Treatment

RADAR Network Update

The NPRC has begun sending new materials to the RADAR Network Centers in Nevada. Each associate center should have received 3 shipments of new materials by this date. As stated in a previous issue, NCADI is no longer automatically sending new materials to RADAR Network Centers, so the NPRC has taken over this job. If you have any questions or comments about this service, please contact us!

NPRC Materials Update

This section of the Nevada Prevention Resource Center Update provides information on new materials in both the NPRC library and clearinghouse collections and lists items that are out of stock or discontinued.

Bulk Materials Update

There are four sections in the bulk materials update. The first is *new materials* which includes everything that has been added to the clearinghouse database. Second is the *Back in stock* section which includes items that were previously archived but are now available again. Next is the *Archived/Out of Stock* section. These items are out of stock at NCADI and the NPRC does not have any to distribute. Last are the *Discontinued* items. In this section are all items that can no longer be found and the NPRC has no copies of them. As always, copies of these materials may be available in the NPRC library collection. Please remember that this information may change during the course of the month, and will be updated in the next update.

Special Note: Some materials may not be available to order from either NCADI or the NPRC, however there is a pdf version available. These items will still be active in the NPRC database with a note stating this and a link to the pdf file.

Library Materials Update

The Library Materials update tells you what items have been added to the library collection. Most of these items are available for checkout and can be sent to your location. To search the online library catalog, please visit <http://207.212.112.252/webopac/main?siteid=804>.

Planning Ahead:

A look at some events in the next few months:

May – Mental Health Month

www.nmha.org

June 27 – National HIV Testing Day

www.napwa.org/hivtestinfo.index

July – UV Safety Month

www.aao.org

If you want help with finding resources or planning for these events, please let us know. Also, if you plan something, tell us so we can include it in a future newsletter.

Have you or your organization done something great for
your community?

Do you have an upcoming event that you want to tell
people about?

Tell us!

Pictures, stories, event details and great websites are all welcome.

Submissions for the June issue of NPRC Update are due by June
12, 2006 at 5pm. Send them to: NPRC@casat.org
