Planning Ahead

Welcome to the first issue of the NPRC Update! This is a monthly newsletter put out by the Nevada Prevention Resource Center to keep our patrons throughout the state informed about new substance abuse resources. Within each issue, you will find upcoming events, new web resources, and information on the new materials available from NPRC. We also want to include submissions from other RADAR network centers, coalitions and individuals throughout the state, so if you have an event or are proud of something you have done please tell us! Have a safe and happy Thanksgiving!

Upcoming events:

December 8, 2005 satellite broadcast: "Drug Use & Mental Health" (10-11a.m. PST)

Learn the facts about co-occurring disorders and how community-based organizations can help fight this stigma at CADCA's upcoming satellite broadcast, entitled "Drug Use & Mental Health." The CADCA announcement states: "During this hour-long broadcast, coalitions will hear from treatment providers about the delicate balance between treating a person's addiction and mental illness. Experts also will offer strategies that coalitions can use to help improve the local climate to assist those in recovery from substance abuse and mental health disorders."

The NPRC will sponsor this broadcast in Reno, with location information to follow. Other locations in Nevada will be arranged as available and according to interest expressed by contacting the NPRC at NPRC@CASAT.org or phoning 775-784-6336 or toll-free at 866-784-6336 by November 25, 2005.

Cool New Resources:

- **The Alliance for Recovery** is a Seattle-based nonprofit organization that sponsors a live radio broadcast from 10 p.m.-midnight PST on 1590AM, KLFE (K-Life). Entitled: “Recovery – Coast to Coast”, the broadcast is hosted by Neil Scott, who has had 30-year careers both in broadcasting and in the addiction field. He and rotating hosts take calls and e-mail questions for in-studio guests during the first hour. Guests in recovery from addiction share their experience, strength and hope during the second hour. The show can be heard in streaming audio and archives and MP3 files are currently available from the web site at: www.recoverycoasttocoast.org
- **The new Methamphetamine** Resource page sponsored by the White House Office of National Drug Control Policy (ONDCP), the Department of Justice (DOJ) and the Department of Health and Human Services (DHHS) is located at: <http://www.methresources.gov/>
This informative and useful site has links to the latest news, research, publications, technical assistance, conferences, facts, figures, policies and “you name it” on methamphetamine. The site also hosts a very active multi-disciplinary list serv that is invaluable for providing diverse perspectives and cross pollination of ideas and information.
- **NCADI** maintains an extensive archive of web casts at: <http://www.health.org/multimedia/results.aspx?m=1>
Web casts have become a user-friendly and very easily used technology that enables professionals and the general public to obtain important and timely information on substance abuse and related issues. NCADI has troubleshooting techniques and available technical assistance should you encounter difficulties. The NCADI archive of web casts is extensive and goes back to 2002. The following titles are currently available for web casts for the year 2005 (beginning with the most recent):

NPRC Materials Update

This section of the Nevada Prevention Resource Center Update provides information on new materials in both the NPRC library and clearinghouse collections and lists items that are out of stock or discontinued.

Library Materials Update

The Library Materials update tells you what items have been added to the library collection. Most of these items are available for checkout and can be sent to your location. To search the online library catalog, please visit <http://207.212.112.252/webopac/main?siteid=804>.

Bulk Materials Update

There are 3 sections in the bulk materials update. The first is new materials which includes everything that has been added to the clearinghouse database, or was changed from archived to active during the month. Second is the Archived/Out of Stock section. These items are out of stock at NCADI and the NPRC does not have any to distribute. Last are the discontinued items. In this section are all items that can no longer be found and the NPRC has no copies of them. As always, copies of these materials may be available in the NPRC library collection Please remember that this information may change during the course of the month, and will be updated in the next update.
